

**Sandy Hawke, CCHT**  
Certified Clinical Hypnotherapist  
& Reiki Practitioner

The following disclosure is intended to fulfill the requirements of the California Bill #SB577, passed in September 2002, affecting all non-licensed helping professionals offering alternative health care.

1. Hypnotherapists, Energy Therapists and Reiki Practitioners are not licensed physicians. They are not qualified to diagnose, treat or prescribe for physical or mental conditions.
2. The use of Hypnotherapy, Energy Therapies and Reiki is an alternative and complimentary to healing arts services licensed by the state of California.
3. The services offered are not licensed by the State of California but the training I have received has been approved and registered by the California Bureau of Private Postsecondary and Vocational education, The International Board of Regression Therapy, The Professional Board of hypnotherapy, The California Board of Registered Nurses and the California Board of Behavioral Sciences.
4. Services offered include Hypnotherapy, Energy Therapy and Reiki for the purpose of pain management, goal setting, self-healing, regression therapy, spiritual emergence issues, trauma, relationship issues, learning enhancement, stress management, personal growth and discovery. None of these services are intended to be a substitute for medical or psychological care. Any issues beyond the scope of my training and practice will be referred to a licensed practitioner.
5. The goal is to provide clients with a safe, non-judgmental and supportive environment where clients can gain insights to establish patterns of behaviors and work toward transformation and personal growth. Because all of the services and modalities are based on the empowerment model, all clients do their own works and healing with the guidance of a co-creative facilitator.
6. Sandy Hawke, CCHT has completed the California-approved HCH training in Hypnotherapy and a 6-month Clinical Internship at the HCH Institute. Additional trainings include EFT and other Energy Therapy modalities as well as being trained as a Reiki Practitioner.

I have read and understand the disclosure.
